

## OUR TECHNICAL TEAM IS THE BEST OF THE BEST

RedBuilt is a leading engineered wood products, structural components and construction systems supplier to the commercial construction industry across North America. Our continued reputation for unparalleled customer service and support goes back over 50 years.

And we're growing! We currently have positions open for talented individuals who want to be part of this dynamic team.

### Professional Engineer

We are currently seeking a full time Professional Engineer (P.E.). The primary responsibility will be design review of RedBuilt shop drawings and joist/truss designs which are prepared for our commercial construction materials business. The P.E. will also be responsible for leadership and to provide training guidance to designers, E.I.T.s and the technical sales force. Other responsibilities may include:

- Development and implementation of design methodologies
- Code evaluation approvals
- Development, maintenance and ensuring conformance to RedBuilt Manufacturing Standards
- Liaison between manufacturing and the commercial business (engineering and seals)
- Periodic reporting to the business management team on the status and effectiveness of product and process quality and the Quality Management System
- Providing leadership to the team by resolving technical issues, building a quality culture, and ensuring adherence to all applicable quality policies and procedures in a fair and consistent manner

#### Qualifications:

- Registered P.E. with two or more years' experience in structural design/consulting
- Experience with Engineered Wood Products and wood construction
- Must have excellent written and oral skills
- Must perform successfully in a team environment and thrive under pressure
- Able to establish and maintain excellent working relationships with customers, sales associates and the technical team
- Able to provide design assistance to design professionals, builders, building inspectors, and sales associates
- Manufacturing and product application knowledge is desirable

Professional Engineer is a salaried position with excellent benefits (medical, dental and vision, life, short-term disability and 401k plan) and reports to a Service Center Manager. Positions are available in the following service centers:

Hillsboro, OR  
Boise, ID  
Chino, CA

**If this sounds like you, we'd love to hear from you!**
