- Proactive and works efficiently through the production process
- Communicates with crew and other departments to ensure orders are completed on time
- Works closely with Shift Supervisor on any problems that arise during shift.
- Cover for Supervisor in his/her absence
- Flexibility to complete training on Day Shift (5am-2:30pm) and Modified Day Shift (10am-6pm)

### **Knowledge, Skills, and Abilities (Minimum Qualifications):**

- Willingness to be flexible for continued growth within the company
- Proficient with MS Office including Excel, Word, and Outlook
- Strong understanding of the troubleshooting process
- Crane and Liftruck skills are a plus (on job training will be required if awarded position)
- Willingness to learn all aspects of the Products Line Department operations
- Effectively communicate with Scheduling Department to ensure efficient production and process flow.
- Follows direction from Supervisor
- Team player and positive attitude.
- Be safety conscious and motivated to exceed in department safety goals.
- Must be able to work overtime
- Be a team player to help achieve department production goals.
- Must be 18 years of age.
- High School Diploma or GED preferred.
- Must have good communication skills.
- Ability to work independently with minimal supervision.

**SAFETY | CUSTOMERS | CAREERS | COMMUNITIES | STRUCTURES**

**Physical Demands/Work Environment:**

- Ability to occasionally lift and/or move up to 50 pounds.
- Ability to frequently walk and/or stand for prolonged periods of time.
- Ability to occasionally bend, squat and/or stoop.
- Manual and finger dexterity as required to perform daily job duties.
- Frequently works near or around moving mechanical parts.
- Exposed to a high level of noise in the work environment.
- Exposed to airborne particles.
- Work environment: Wood processing, manufacturing operation.
- Occasionally exposed to outside weather conditions, including variations in temperature and precipitation.

**If this sounds like you, we'd love to hear from you!**
